British Cabinet Plans Moratorium For Germany

LONDON, November 30.—(By the Associated Press)—Reports that the British cabinet was considering the proposed moratorium for Germany were confirmed in official circles today. The point being discussed is under what conditions a moratorium could be declared.

It was made known this afternoon that the interview which Dr. Walter Rathenau, former German minister of reconstruction, had with Sir Robert Horne, Chancellor of the Exchequer, yesterday, was the discussion among other things of the moratorium question.

An immediate effect of the reports regarding the suggested moratorium for Germany was seen in the improvement of the exchange rate on the market, which dropped to 66 1/2 the pound sterling, as compared with 110 yesterday. The business was mostly of a speculative character.

PRESIDENT OF OWLS SENTENCED TO THE PEN

INDIANAPOLIS, Ind., Nov. 30.—John Talbot, of South Bend, Ind., supreme president of the Order of Owls, a fraternal organization, who was found guilty in United States district court last week of violating the Mann act, today was fined \$5,000 by Judge L. B. Anderson and sentenced to leave the state for five years. It was the maximum sentence for the offense.

Talbot was convicted on a charge of transporting Pearl Hagley from Topeka, Kansas, to South Bend, Indiana, for immoral purposes. He was permitted to remain at liberty under \$5,000 bond and has sixty days in which to make an appeal. Prior to the sentencing counsel for Talbot filed motions for a new trial and for arrest of judgment. Both motions, however, were overruled. Talbot had no statement to make.

Search Ruins For Bodies

NEW YORK, November 30.—Search of the ruins of a new theater in Brooklyn which collapsed yesterday during construction, killing six workmen, was continued today to determine if the bodies of four missing laborers were among the tons of brick and twisted steel. Eleven other workmen are in hospitals, some in serious condition.

District Attorney Lewis, who yesterday ordered Sylvester Rosenthal and Samuel Moskowitz, owners and co-managers of the building, held on charges of manslaughter, said he expected to make further arrests during the day.

Father Of Eight Killed By Gunmen

CLEVELAND, O., November 30.—Hugh Gough, father of eight children, died in an hospital early today, a victim of two gunmen's bullets last night. The third man murdered here since Friday night.

Gough died in the same hospital where his wife was a patient following an operation. He was shot twice by bandits, who raided a soft drink establishment on Cedar avenue last night. The bandits ordered several men in the place to hold up their hands and when Gough did not immediately obey the order the bandits shot him.

Got Small Reward For Finding Fortune

CHICAGO, November 30.—Sweet Charity failed to come into her own today when Charles Newman received his reward for finding a wallet containing \$800 in checks, notes and negotiable securities. Mr. Newman found the purse November and advertised extensively for the owner, stating that if the money was reclaimed he would distribute it to charity, and it claimed he would give any reward he might receive to charity.

Mr. Newman received more than one thousand letters suggesting how he could dispose of the fortune or the reward and also found Albert Feigenbaum, who established his ownership of the money.

Today Mr. Newman received a letter enclosing a check for \$15 from the owner of the fortune.

Woman Choked To Death

TOLEDO, O., Nov. 30.—The body of an unidentified woman, beaten and choked to death, was found lying on a bed on the third floor of a downtown hotel here at 8 o'clock this morning.

Police are searching for a male companion of the woman who registered with her at midnight and who disappeared some time during the night with the register of the hotel.

The woman was between 35 and 40 years old and was poorly dressed.

1,200,000 Children In Russia To Be Fed By Americans

MOSCOW, November 30.—(By the Associated Press)—A total of 1,200,000 children in the famine districts of Russia will be receiving regular food allotments from the American relief administration by the first of next year, it was stated by Walter L. Brown, director on his departure from Moscow after an inspection tour.

"We are having fewer difficulties than we expected when we arranged for the relief work three months ago," he said. "Contrary to predictions, the Red army is not taking any of the food, and we are operating virtually without loss from theft. The amount of supplies stolen in Russia has been far less than was the case in Armenia, Austria and Poland."

"We are now feeding half a million children, and by January the number will be 1,200,000. It is done at a cost of eighty cents a month for each child or a total of \$12,000,000 until the next harvest. This is exclusive of \$4,000,000 for medical supplies and \$1,500,000 for clothing. The Soviet government is bearing the cost of shipping the supplies from the seaports."

"The American relief administration has no plans for feeding adults nor for providing seed grain to insure the next harvest and prevent a greater famine; it is apparent that if the adults are hungry they will eat the seeds instead of planting them. Whether the

Famine Horrors In Russia Are On The Increase

IGA, Nov. 30.—(By the Associated Press)—The famine horrors in Russia are growing with the approach of winter, official Bolshevik government advisers show.

In the Saratov region, where 389,000 peasants are listed as starving, even the children have been without food five days and many persons are going mad, some being seized with a mania that they have plenty of bread. While in the summer many of the inhabitants subsisted on field mice, they are now reduced to eating cats, cunnies and grass which any animals would eat.

Dispatches to the Kosta, official news agency, say that many mothers are bathing their children in a poisonous extract made from sheep's wool, hoping it will bring about their death. At Tashkent, Asiatic Russia, there is an increasing flood of refugees, according to radio advisers. Two thousand are starving at the railroad station there and the daily deaths average seventy.

famine will recur after the next harvest depends upon the weather, and also the amount of seeds furnished the farmers. I understand

U. S. AND JAPAN STILL DEADLOCKED OVER NAVAL CUT

WASHINGTON, D. C., November 30.—The "big three" subcommittee of naval experts had concluded today consideration of facts and figures involved in the American 5-5-3 ratio proposal and will refer the question back to the full committee of experts for further action. No vote was taken in the subcommittee and while the Japanese experts are understood to continue their view that Japan is entitled to a higher fleet ratio, there was said to have been no disagreement as to figures involved.

It was pointed out that experts were hindered strictly to consideration of the technical aspects of the American proposal and that they had no function as to policies which are reserved for action by the conference delegates themselves. The action of the subcommittee today, however, represents a substantially continued disagreement between American and Japanese experts as to the proper place of Japan in the limitation ratio proposal.

It has been stated that the actual decision of the conference on the fleet ratio question, which is the basis of the whole American proposal, probably would be reached through informal discussions between the individual delegates. Secretary Hughes is expected to announce later today, however, that the moved experts had completed their work so far as the "5-5-3" ratio was concerned and possibly to make public some of the figures involved as to existing naval strength of Japan and the United States.

Another meeting of the American delegates was called for five o'clock today by Secretary Hughes with further discussion of the naval program in prospect.

Egg Pool In Chicago

CHICAGO, November 30.—An egg pool formed by three men controls the egg supply of Chicago and makes a profit of about \$300,000 a day, Russell J. Poole, city food expert, announced today, following an investigation covering two weeks.

Mr. Poole has recommended a housewives' boycott on eggs in an effort to break the price.

He reported that eggs selling yesterday at 30 to 35 cents a fresh egg went into storage last March when the price was 19 1/2 cents a dozen.

Offers Reward For Return Of Stolen Jewels

CINCINNATI, O., Nov. 30.—Extensive search is being made for an automobile, small of size and ancient of model, which carried away the bandits who held up the family of Colonel William Cooper Proctor, of Glendale, near Cincinnati, Monday night, and stole jewelry valued at from \$20,000 to \$100,000. Detectives picked up the automobile. It is thought there were five in the gang. Two of them forced Mrs. William Cooper Proctor, her sister, Miss Mary Johnson, and a maid servant to stand in the basement of the mansion while two others looted the house.

A fifth member of the gang is thought to have acted as look-out and chauffeur. Detectives are of the opinion the band was made up of amateur crooks. A reward of \$10,000 for recovery of the jewelry and \$2,000 for the capture of the thieves has been posted by Colonel Proctor.

McCormick As Talesman

CHICAGO, November 30.—Cyrus H. McCormick, chairman of the board of directors of the International Harvester Company, awaited summons today as a witness in the Harvey Church murder case in criminal court. He was rejected yesterday by defense counsel in a robbery case when he said he contributed to the support of a law enforcement league.

Mr. McCormick was called for service a week ago, but was excused because of an error in the summons. He thereupon volunteered his services. Since then he has occupied a hotel with other gentlemen awaiting a call to the jury box.

Sun Shines; Helps Thaw Out New England

BOSTON, November 30.—Under the first sunshine in four days, New England began to thaw out today and to slough the icy burden left by successive storms.

The shedding process laid bare the damage, running into millions of dollars. Fallen trees and poles have proscribed electric lighting, telephone, telegraph and street railway services to an extent seldom surpassed. In the case of the electric and telephone companies, it was announced that their difficulties were unprecedented. Railroads also suffered, the Boston and Maine and Boston and Albany being without wires, but, through manual operation of usual mechanical or electrical devices, trains were run but little behind time.

The extent of the damage was so great that recovery will be slow. For several nights of darkness are in prospect for nearly half a hundred cities and towns; street railway service in suburbs will not be normal for a week or more, and with thousands of telephone lines out of commission toll companies can be restored only in days and individual services probably in weeks.

Live Quietly In Exile

FUNCHAL, ISLAND OF MADEIRA, November 30.—(By the Associated Press)—Former Emperor Charles of Austria-Hungary and former Empress Zita are living quietly in their exile. Their only guard at the Villa Victoria, where they reside, is a plain clothes policeman, who accompanies them on their journeys about the island to prevent beggars from bothering them and to avert other annoyances.

Archbishop Of Baltimore

BALTIMORE, Md., November 30.—Most Rev. Michael J. Curley, former bishop of St. Augustine, Florida, was installed archbishop of Baltimore at the cathedral this morning, succeeding the late Cardinal James Gibbons in that capacity. The conferring of the Pallium, the crowning act in the elevation of a bishop to the arch-episcopacy, will take place in January next.

Today's ceremonies were comparatively simple and in no way approached the pomp and splendor accompanying the bestowal of the Pallium.

Monseigneur Curley is tenth archbishop of Baltimore. It was the first installation ceremony held in the historic edifice since Cardinal Gibbons, then bishop of Richmond, became head of the archdiocese more than 44 years ago.

Suspend Ford's Cut Rates

WASHINGTON, D. C., November 30.—Reduced rates on coal which Henry Ford attempted to put into effect on his railroad, the Detroit, Toledo & Western, were further suspended today by the interstate commerce commission.

The original commission order said the rates should not be reduced until January 1, pending an investigation by the commission, while the amendment today postponed the effective date to January 31.

KANSAS CITY, November.—James Petty's getting used to 'em, What?
Short skirts!
James saw 'em for the first time the other day. He'd been blind since 1889, when women wore high-necked morning dresses and six-yard skirts that swept the floor.
When his 32 years' blindness was ended by an operation he went out on the street.
"Great guns!" he said, "they're really wearin' 'em up to their knees, I'd heard it but I never believed it!"
And he rushed inside and had the bandages put back on his eyes.
But now, after a few more trials, James allows modern fashions aren't so bad after all.
"But people," he says, "aren't as good looking as they were in the old days."

CHINESE AND JAPS TO PARLEY OVER SHANTUNG PROBLEM

WASHINGTON, D. C., November 30.—(By the Associated Press)—Arrangements have been made, it was said officially today, to arrange conference circles for direct negotiations between the Japanese and Chinese delegations over Shantung.

The negotiations are expected to start immediately and in order to give the Japanese and Chinese delegates a free day for their discussions, the conference committee on Pacific and Far Eastern questions adjourned today until Friday.

The question of Shantung came up in the meeting today or the Far Eastern committee and it was suggested that the Chinese and Japanese delegates should talk over the subject privately before the other members of the committee took it up. Both the Chinese and Japanese delegates agreed to this and they are to meet tomorrow and report to the full committee on Friday.

The prospects were considered in American quarters as good that the Japanese and Chinese representatives would be able to settle the Shantung dispute outside of the conference.

The Far Eastern committee did not conclude discussion today of China's request for withdrawal of foreign troops from China and the matter went over. The committee took up another Chinese request for restrictions on the use of foreign telegraph and radio systems.

Japan, it was announced, agreed to withdraw her guards of the Shantung railway as soon as a Chinese police force could be substituted, but Japan objected to withdrawing her guards along the south Manchuria railway because they said, of the danger from bandits.

A statement to the committee by Foreign Minister Hirota said that Japan also would remove her troops from Hankow as soon as China should take measures for maintaining order. Japan, he also said, was ready to withdraw troops from north China as soon as actual conditions warranted and would withdraw Japanese troops along the Chinese eastern railway as soon as Siberia should be evacuated.

WASHINGTON, D. C., November 30.—(By the Associated Press)—The good offices of Secretary Hughes and Arthur Balfour, of the British delegation, to bring the representatives of China and Japan together for settlement of questions of Shantung and the leased territory of Kia-Chow, has been accepted by the delegations of both nations.

Conversations will begin immediately and the first meeting will be held tomorrow afternoon.

TOLEDO, O., November 30.—Samuel Alphonso Storch was consecrated second bishop of Toledo today, amid ecclesiastical splendor and solemnity that surpassed any similar function in the history of the Catholic diocese here.

THE OATH OF ALLEGIANCE IS THE STUMBLING BLOCK OF PLAN

LONDON, November 30.—(By the Associated Press)—Government circles today expressed belief that the Irish conference would break down almost immediately as a result of the difficulties which have arisen and that the resumption of armed hostilities could not be postponed.

The alternative settlement plan submitted by the government to the Sinn Fein representatives last evening included the necessity for a definite undertaking by the Sinn Fein to take the oath of allegiance to the crown.

The Sinn Fein has many objections to the government's new plan, but even if it agreed to discuss this plan it will not now give its assent to the oath of allegiance proviso, it is stated.

Thus, it appears, according to government officials, that the breach in the negotiations, if it comes now, as is feared, will take place over the allegiance issue.

There has been hope of prolonging the truce and adjourning the negotiations for an additional period of two months, but this hope now has receded.

The afternoon added little, if anything, to the developments of the situation and no great hope for the immediate future was observable tonight in any quarter. The opinion was expressed both in government and in Irish circles that nothing much short of a miracle could avert a collapse of the conference and a renewal of warfare.

Another conference between the government representatives and Sinn Fein delegates is possible, but no prospect is held out that such a discussion would materially alter the position.

A Sinn Fein spokesman stated this evening that there was no intention on the part of the Sinn Fein to change its attitude regarding either the unity of Ireland or allegiance to the crown.

Many Offenders Are Fined

The session of Municipal court Tuesday was unusually lengthy by reason of one of the heaviest dockets in weeks greeting Judge McCall on his

return from Dayton, where he spent a couple of days on business. The court speeded up the proceedings and disposed of the offenders in rapid succession.

John Wilson, 20 years, old, 1211 Lincoln street, steelworker, who shot up Plumber's hall during a meeting of union steelworkers late Friday night, and as a result was charged with shooting with intent to kill George Jones, was found guilty of the lesser offense of discharging firearms. The court finding from the evidence that when the defendant pulled his gun and fired five shots at random that he had no intention of shooting anyone. One of the bullets struck Jones and inflicted a slight wound on his leg. The court fined Wilson \$100 and costs and thirty days in jail, but the jail sentence was suspended pending good behavior, and in passing sentence Judge McCall served warning that the indiscriminate practice of gun-toting must stop.

Clyde Whitman, front street young man, was convicted of assault and battery upon C. L. Davis, 521 Third street, and he drew \$10 and costs. The trouble occurred at the Macedonia dance hall Saturday night.

Isom and Adam Evans, brothers, staged a fight at the home of their mother on Robinson avenue Sunday morning and Judge McCall after hearing both sides thought each ought to pay a fine of \$5 and costs.

L. C. France, New Boston man, charged with driving an automobile while intoxicated, was found guilty and he drew a fine of \$25 and costs. France was arrested Saturday evening after his touring-car collided with a machine driven by Mrs. Oscar Tillitt, near the N. & W. freight house on Gallia street. He doubled guilt, but the evidence was against him.

Resolution Passed On Arms Conference

The following resolution passed by the International Bible Students Association in convention at Washington November 27, begs leave most respectfully to memorialize the International Arms Conference now assembled at Washington, D. C., as follows:

As Christians earnestly striving to follow the teachings of Christ Jesus our Lord and his Apostles, we hold:

That war is a relic of barbarism, destructive of good morals and a reproach to Christian peoples;

That the principles taught by the Lord Jesus Christ preclude consecrated Christians from engaging in war, bloodshed or violence in any form;

That no nation can be said to be truly Christian which fails to adhere to these principles taught by the Lord and his Apostles;

That the ruling or governing factors of the nations commonly called "Christianity" are now, and for some time have been, to wit, Financial Princes, otherwise termed Controllers of Commerce, Statesmen or Political Leaders, who formulate the laws, and Clergymen and other Ecclesiastical Teachers, the last named, both Catholic and Protestant, having contrary to the Word of God, joined hands with the two first-mentioned factors (which three component parts here mentioned we for convenience and identification designate "The Ruling Powers");

That the delegates and representatives of The Ruling Powers now assembled in international conference at Washington for the purpose of the limitation of armaments, and insofar as possible for establishment of conditions of peace and prosperity among the people, have before them a laudable objective.

But we may be pardoned for humbly suggesting that the end desired cannot be attained by a partial or even complete disarmament of the nations. Reformation of men or nations will not result from the destruction of arms, but genuine reformation of men will lead automatically to the complete destruction of all instruments of war and all forms of violence. While war is terrible beyond description of human phrase, yet it is not the worst thing to be feared.

Bolshevism, as a great menacing monster, is knocking at the door of every nation, and the destruction of all law and order is threatened. To prevent such terrible disaster and to save the people from indescribable suffering is the tremendous problem, which, we submit, requires more than human wisdom. We therefore suggest that the healing of Divine wisdom and the adoption of the Divine remedy as prescribed by God's holy Word is vitally essential at this time.

The Kingdom of Christ, the Messiah, for which he taught his disciples to pray, is at hand. This is evidenced by the World War, famine, pestilence, social upheaval, distress of nations with perplexity, etc., all of which constitute the fulfillment of prophecies made by Jesus himself as relating to the present time. Within a short time this kingdom will be fully and completely established and the old order of things completely gone. To that kingdom all earthly powers must be subject either willingly or unwillingly. The trouble upon the nations beginning in 1914 is but the expression of God's vengeance against all unrighteous systems in the earth.

The holy prophecies of Jehovah indicate how that the Kingdom of Christ, the Messiah, may be established with our great suffering to humanity, provided that the Divine will be adopted. You will pardon us, therefore, for calling your attention to those Divine prophecies long ago recorded, which in substance indicate what the proper course is, to wit:

(1) Let the Financial Princes, the Controllers of Commerce, cease profiteering, cease exploiting and deceiving the people by systematic propaganda, and be content with a reasonable income sufficient to insure their own

maintenance and support; let them use their power for the general welfare of the people to the end that the idle may be employed, the hungry fed, and each man be afforded an opportunity to provide for himself and loved ones the things decent and honest in the sight of God and men.

(2) Let the Statesmen or Politicians cease to act as instruments of selfish powers and selfish interests and henceforth honestly and impartially represent and safeguard the interests and general welfare of all the people.

(3) Let the Clergymen and other Religious Teachers, who claim to be ministers of God's Word and therefore the nobles among the people, divorce themselves completely from commercial and political affiliations, return to their first love, recognize God's Word as truth, honestly and faithfully teach the principles taught by Jesus and the Apostles, and thereby prepare to receive the kingdom of Christ, the Messiah, who alone can and will establish peace on earth and good will toward men.

Let the Ruling Factors by example as well as by word thus lead the people in the right way and prove that they are the real friends of the people; and let all the people heed the words of God, refrain from violence of every kind or form, seek meekness and righteousness, and the occasion for armament and war will cease. These things done, the Kingdom of Christ, the Messiah, will be established on earth without suffering.

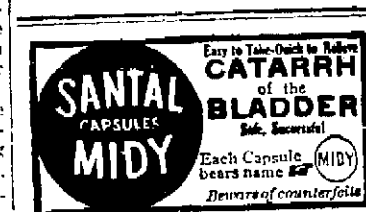

We shall be pardoned for saying that the prophecies clearly indicate that if the divinely prescribed remedy be ignored, this being the day of God's vengeance, as declared by his prophets of old, his wrath will be visited upon every government and system of Christendom; and both Jesus and the prophets declare that such shall be "a time of trouble such as the world has never known," at which time shall stand "Michael, the great prince, the chief of thousands of thy people." This standing up of Michael will effect the deliverance of mankind from all forms of oppression and will mark the beginning of righteousness on earth. The result will be God's will done on earth as it is done in heaven, for which Jesus taught Christians to pray.

Great responsibility rests upon the Ruling Factors of the nations of earth now in the hour of dire distress and perplexity; and we shall be pardoned for requesting such to give earnest consideration to the Word of God, having in mind that "blessed is that nation whose God is Jehovah."

Resolved that a copy of this memorial be delivered to the Honorable Charles Evans Hughes, Chairman of the International Arms Congress now in session at Washington, D. C.; that copies be furnished to each delegate or representative of the nations attending said conference; that a copy be delivered to the President of the United States, and copies to the members of Congress and to the public press.

(Upon motion duly put the above resolution was unanimously adopted by the convention this 27th day of November, 1921.)

(Signed)

Chairman of Convention.

Secretary of Convention.

26 EGGS A DAY FROM 30 HENS, IN WINTER

Mr. Miller Has Been Getting Results Like This For Years.

"During the worst part of last winter, with cold, blustering days and damp ground, we got 20 to 25 eggs a day out of 30 hens. Have used Don Sung for several years, and always with wonderful results. And the eggs are better, larger and heavier than ever before. Larger than I have ever seen. Miller, 609 Lamar St., Ft. Worth, Texas.

With the right kind of help, your hens will lay all winter. It's no trouble, and costs nothing to try. Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, tell us and your money will be cheerfully refunded. Don Sung (Chinese for egg-laying) is a scientific tonic and conditioner. It is daily given to the feed, improves the hen's health and makes her stronger and more active. It is guaranteed to get the eggs, no matter how cold or wet the weather.

Don Sung can be obtained promptly from your druggist or poultry supply dealer, or send one for a package by mail prepaid. Sureset-Decker Co., 214 Columbia Bldg., Indianapolis, Ind.

The Latest Edison "Flashes" Are In. Come In and Hear Them

Al Jolson says "APRIL SHOWERS" Is A Real Hit!

Al Jolson, the one and only, has had a New York Theatre named after him and he opened it last month with "Bombo," a musical comedy. The title of the show is "April Showers"—it's a good one. The Edison-Vienna Orchestra recorded it and introduced "Down South," also from "Bombo." The Re-Creationists just arrived, with "When Buddha Smiles" on the reverse side. No. 50875.

Patricola, Vaudeville Headliner, Joins the Edison Ranks

Vaudeville patrons all over the country have seen and heard Patricola—that is, when they have attended shows on the "big time" circuit. For Patricola is a big time headliner. She has just recorded two good songs for Edison—"I Ain't Gonna Be Nobody's Fool" and "Little Min-nee-ha! ha!" They're both good—we know you will say so and want you to come in and hear them. No. 50883.

You Should Have "HOW MANY TIMES"

How many times you will want to dance to the new fox-trot hit "How Many Times" is a question. It is so extraordinarily good, we say you'll dance to it gleefully a great many times. Especially since it's been recorded by the Club de Vingt Orchestra, who know how to get everything out of a song. They also put their personality into "Have You Forgotten?"—a good fox-trot—on the reverse side. No. 50897.

Why Not Give A Real Christmas Present---A Hoover

"Dad" has many calls on his pocketbook at Christmas time, we know, and we want to say right here that we are on record for "dad" getting just as much value for his money as possible. And that reminds us of the fact that he can kill two birds with one stone by buying the Hoover sweeper for the "Missus" as a Christmas present. Of course, she ought to have one anyhow and the wise hubby knows very well that sooner or later he will have one to buy, so we suggest that you "star" this Christmas by giving the wife a Hoover.

Of course, there is no question about the superiority of the Hoover sweeper. Those who own them are aware of this fact, but if you are unacquainted with the Hoover sweeper and will give us fifteen minutes of your time, we can demonstrate conclusively that the Hoover is the greatest electric cleaner made.

The Hoover gently beats, sweeps, and suction cleans your rugs and does a thorough job of it.

The Hoover means a vacation for the wife for a lifetime from the drudgery of sweeping.

We have experimented with all makes of sweepers and in a very few moments can give you the results of our experiments. Let us show you the same tests by which we try the efficiency of suction cleaners. It costs you nothing and we will be delighted to do it.

A special representative of the Hoover factory, now at our store, will be glad to call and talk things over with you.

SAFETY

That word SAFETY is real.

It is true.

Because, backing up every dollar we loan is sound, tangible real estate.

Our business has to be conducted that way.

Our charter provides real estate as the only security we can take for a loan.

And every great student of business and values agrees that LAND is the soundest form of value.

So when we say SAFETY, we mean SAFETY—and we are fully entitled to use this word.

Letters From Our Readers

Editor of Times,
Portsmouth, Ohio.
Sir: As a reader of your highly honored paper and a citizen of Scioto county, Ohio please allow me the space in your paper for a few lines in behalf of Roy Chamblin, the self-confessed murderer.
First, I want to state that I am looking at this case from a standpoint of moral justice and as a sinner myself I believe that if we do not live a Christian life that we should not be too quick to condemn.
As you will find in the Holy Bible, which should be our guide in the book of St. John, 8th chapter and 7th verse. So when they continued asking Him, He said unto Himself and said unto them, He that is without sin among you, let him first cast a stone at her. And I do not believe that there is a Christian in Scioto county who will refuse to sign the petition of Roy Chamblin. A man that has the will power that Roy Chamblin has should not be backward about standing in the pulpit preaching the Holy Bible if he had the training in that line instead of the training that he has had. And we can not give him that training unless his sentence is imprisonment.
Therefore, mothers, fathers, sisters and brothers, remember when the petition comes before you that Roy Chamblin is a mother's son.
A believer in moral justice.
C. EDWARD.

Take Steps To Increase Water Supply

C. F. Sweeney, engineer in the sanitary and water supply department of the State board was in the city Tuesday and conferred with trustees of the Children's Home relative to increasing

its water supply. The wells put down are inadequate at times to supply sufficient water and Mr. Sweeney's mission here was to map out a plan to eliminate this and make the water supply adequate at all times.

LIFE IS SWEET IN GOOD HEALTH

Weak Blood Causes Baffling
Feeling of Exhaustion

There is nothing so sensational as living in the glow of good health, and nothing so empty as existing in the bleakness of disordered health.
There is the direct testimony of medical and ordinary experience to prove that Gude's Pepto-Mangan restores poor blood to its natural healthy state. Physicians know its value and have prescribed it for years. Tens of thousands of men and women and children rely upon it. Pepto-Mangan revives blood which has grown thin and weak and which has left its mark on the complexion and the disposition. Features hardened by sour feelings, softened into a pleasant expression. The sensation of living—tasting, breathing, seeing the colors in sunshine, scenting the perfume of flowers, relaxing in the sweet refreshment of sound sleep—everything is enjoyed with intensity. It is red-blooded living.
Gude's Pepto-Mangan has the name on the package and is sold by your druggist in liquid or tablet form.—Advertisement.

Twenty Four Years Ago

Chris. Hohenstein, pioneer, Pike county citizen, died at his home near Flat, at the age of 77 years. He was a cabinet maker by trade and lived on the same farm fifty-four years.

At the meeting of the Portsmouth district conference of the M. E. church at Denver, one of the important papers read was one by John K. Duke, of this city, on "Business Integrity in Church Finances." The paper was a striking one, advancing a number of good points, and it was thoroughly discussed by the whole conference.

William Dressler, of Grimes avenue, was on the sick list.

Hon. A. F. McCormick moved into rooms in the Elk building.

J. M. Hannibal opened a ticket broker's office at Roy McElhenny's barber shop.

"Doc" Barry, who left The Blade to take the foremanship of The Tribune composing rooms, severed his connection with the latter paper.

— 27th — Financial Statement of The Commercial Building & Loan Co. Of Portsmouth, Ohio For The Year Ending November 8th, 1921

A Notable Exception To General Conditions

For a year business activity of all sorts has been on a slow bell. The enterprises that showed growth and a substantial profit in this period are exceptional, most of them have been quite content to "break even."

It is therefore altogether singular that we are one Portsmouth institution that has been able to maintain its notable progress of the past and show a continued ability to return substantial dividends to the thousands interested in it as stockholders and patrons. This institution is the Commercial Building and Loan company. For twenty-seven years it has held out to investors safety and fair return on their money and again it is able to show them its pledge has been kept.

Indeed, it could offer no greater proof of its stability and reliability than that in the whole course of its existence of 27 years, no investor with it has ever lost a dollar, but on the contrary, has always got a good profit, a most refreshing comparison with the condition that hundreds of thousands of dollars have been lost, even this year, by citizens of this county who were lured into other undertakings by "guarantees" of huge returns. A reminder that the larger the profits promised on investments the greater the probability of utter failure and disappointment.

The Commercial offers safety, funds entrusted to it are loaned on prime real estate mortgages only. Because these have always been chosen with good judgment it has been every year of its existence able to pay a six per cent dividend, satisfying enough to the prudent, who look to security and a fair profit.

The full membership is expected to be present and participate in the discussion as well as to assist in formulating plans to take up the work where the old council leaves off.

President-elect Al Weghorst will likely preside over the meeting.

Indoor Fair Big Success; Repeated Tonight

Tonight will be the closing night of the American Legion's Indoor Fair, which opened with a larger attendance last night at the Auditorium, Gallia and Bond streets.

The crowd was beyond expectations, the large hall being crowded all evening. The one feature that was well patronized was the dance floor, where fifty dances held sway with Davison's orchestra furnishing the music.

On all sides of the dance floor are booths where those who do not dance may find plenty of entertainment. Another big feature was Bauer's Greater Shows, managed by Carl Bauer. The big hit of the show is the Rube Band, which made a decided hit and put on its performance with a scream. They played between dances and kept the big crowd in a constant roar of laughter. The five musicians who form the band are John Kane, Leslie Ketter, Willard Wilson, George Hartman and Charles Bennett.

These men donated their services to the Legion.

Another act in the shows is one by that clever magician Professor Virgil Jones. His tricks mystified everyone and provided splendid entertainment.

Other features in the shows really have to be seen to be appreciated. The crowds on the floor last night were so great at some times as to make progress around different American Legion men were in prominence throughout the hall working at the various booths and taking charge of the dance.

The success of the Indoor Fair was due in large part to the zealous work of Harold Clayton and Russell McCarty, who composed the committee in charge and an able body of assistants including George Ahrend, J. I. Marsh, Richard Pratt, Lowell Selby, Boyd Alkman and others, all of whom were royally assisted by their wives and sweethearts.

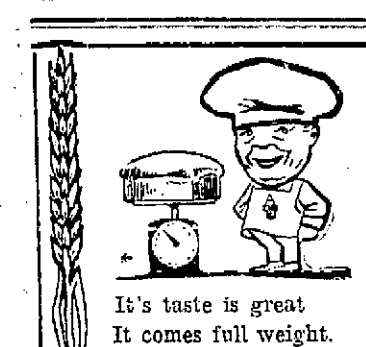

Remember the Indoor Fair will be repeated tonight and come out prepared to enjoy a solid evening of wholesome fun.

Lineman Hurt In 30 Foot Fall

A. W. Ezell, a lineman in the employ of the Portsmouth Telephone company, suffered a bruised hip and a sprained ankle when he fell 30 feet from the top of a telephone pole on which he was working this afternoon on Robinson avenue near Lincoln. He was hurled to the street when the pole snapped at its base. Ezell's injuries were dressed by Dr. O. K. Micklethwait and he was later taken to his rooming place, 415 Gay street.

Cline Hearing Is Continued

By agreement of all concerned, the hearing on the contempt proceedings brought against Milton Cline, 910 Gay street, steelworker, for alleged violating the restraining order and injunction issued on Oct. 3, 1921, in the case of the Whitaker-Glossner company against Adam Krakel and other members of Peerless Lodge Amalgamated Association of Iron, Steel and Tin Workers, was continued indefinitely by Judge Thomas at one o'clock Wednesday afternoon when Cline appeared in court with his attorney, T. C. Beatty to meet the charge.

Judge Blair represented the plaintiff but made no statement giving a reason why the charge was not pressed at this time. The accused is out on bond.

Man Found Mangled To Death At Russell May Lived Here

The body of the unknown man found in the C. & O. railroad yards at Russell, Ky., Tuesday, is believed to be Harry Carter, of this city. He left here several days ago and the description of the dead man given in press reports tallies with the missing man, relatives say.

This belief was strengthened in a telephone message Deputy Sheriff

Frank Bennett had with railroad officials at Russell Wednesday and the officer will go to the Kentucky town tomorrow to make a further investigation.

Carter has a wife and several children living at 310 Third street, and she shared the belief that the man killed at Russell was her husband. She formed this opinion only from the description of the victim received here.

FAVOR THE CONTINUANCE OF PROHIBITION PARTY

CHICAGO, Nov. 30.—Continuance of the prohibition party as a contender in national politics was recommended by the national executive committee today in a resolution presented to the party national committee. The resolution, which was presented in the executive committee by E. L. G. Hohenbush of South Manchester, Conn., state chairman, declared that the party would be "renewed to the trust committed to its care by the founders of the prohibition party if it failed to continue its activities."

The resolution further declared it to be the duty of the party to carry on its work "until there is elected to power a party in state and nation that is committed by platform declaration to the continuance and enforcement of the 18th amendment and makes such declaration an established fact."

French Army Totals 818,000

PARIS, Nov. 30.—(By the Associated Press.)—The strength of France's army was given as 818,000, as of October 1, by the report of the army commission to the chamber of deputies, made public today. The report was made public in connection with the government's proposed law calling the class of 1922 to the colors in two contingents, one next May and the other next November. Although no official figures are available, the report said, a considerable part of the class of 1921 had returned to their homes on crop furloughs or on indefinite leave, making the active forces in uniform 600,000 or upwards with the balance subject to immediate recall.

Flood Situation-Serious At Pittsburg

Mrs. M. P. Perkins of near Duquesne Vista received a long distance telephone message from her brother at Pittsburgh warning her of the increasing rise in the Monongahela river and urging her to move to higher ground. The brother reported

the worst November flood in years in the Pittsburgh section with hundreds of families and merchants moving from the lowlands in that section. Several industries have already suspended operations in the lower sections of Pittsburgh.

Pastor Files Damage Suits

The Enquirer of local interest Wednesday said "Samuel M. Pastor, partner in the Home Department Store, Oak Hill, Ohio, filed suits in Common Pleas Court yesterday against the Big Four and the B. and O. S. W. railroad company, demanding \$10,000 damages from each. He alleges false arrest.

Samuel M. and Joseph Pastor, as partners in the Home Department Store, also sue both companies, declaring that November 8, 1920, the railroads took possession of clothing and other goods valued at \$5,058.40, which they had in their store, and on November 9, 1920, took \$2,137.50 worth more goods belonging to them, which were disposed of by the railroad companies and not returned to them, and they seek \$7,195.90 damages because of this.

The suits were filed by Attorneys Froome Morris, E. E. Eulankes and Willis and Jones. Samuel M. Pastor recently filed another similar suit against the Big Four Railway Company, demanding \$10,250 damages.

Another Prisoner Breaks Jail

Prisoners breaking out of the New Boston jail, through the roof is getting to be a habit. The latest one to escape is Fred Nelson, who made his get-away about 1:30 this morning by going through the roof.

He was fined \$100 and costs and given a six months jail sentence by Mayor J. S. Davis Monday and plans had been made to remove him to the county jail today. Nelson knew that he would have to serve the six months jail sentence and decided that last night was his only chance of escape and he took good advantage of it.

Nelson escaped before 1:30 for Deputy Marshal Ray McCormick went to the jail at that hour and found he was missing, a big hole in the ceiling and roof showing where he had gained his freedom.

A piece of automobile spring found in the jail showed the "tool" used to break boards off the ceiling and to tear a big hole in the paper ceiling.

Today New Boston officers claimed they had learned from a reliable source that two well known young men in the village and good friends of Nelson had slipped the piece of spring into the jail about ten o'clock Tuesday night, it being smuggled in over the top of the jail door. Marshal Frank Hall said today that evidence was being obtained which would lead to the arrest of the persons guilty of aiding Nelson.

The latter was arrested in New Boston last week, but was released to Portsmouth authorities who wanted Nelson on a non-support charge. He was released by them on his promise to go to work.

Last week Deputy McCormick caught a prisoner who had made his way through the roof and was just ready to slide off the roof.

Loss Is Heavy

Mrs. C. W. Rowe of Seventh street is in receipt of a letter and paper from her son-in-law, Dr. E. Leonard Knowles of Augusta, Ga., who was a very heavy loser in the \$1,500,000 fire that visited the business section of that city last Saturday morning. Half a block of business structures were wiped out, including the Johnson buildings in which Dr. Knowles formerly of this city had his office. The fire started in the Johnson structure and by the time Dr. Knowles got down town the walls of the buildings were already falling in.

Dr. Knowles lost many things that cannot be replaced, the things being gifts from friends. Dr. Knowles lost on time in getting new quarters and while the fire was still raging made plans to take a suite of rooms in the Mason Temple. He had a suite of 11 rooms in the Johnson building. The fire was at its worst about 2:30 o'clock in the morning calls being sent to nearby towns for help. With the help of the out of town firemen the flames were gotten under control in a few hours. In the path of the flames was the building occupied by the Augusta Chronicle, the South's oldest newspaper.

Payments Not To Begin Until February

YOUNGSTOWN, O., Nov. 30.—Robert Roberts, state director of compensation for veterans, said today that payments could not begin until February, and that two years work is in sight before all claims can be settled. Mr. Roberts is preparing to take up his residence in Columbus tomorrow.

To Air Row In Municipal Court

Trouble at the home of "Giddy" Hudson 1220 Union street last night resulted in Carl Bates of the North End receiving a severe gash on the left side of his head, the wound being inflicted by a black knife in the hands of Floyd Schaffer, who at times serves as special policeman.

The alleged trouble was the result of an argument between Bates and Schaffer. Bates was charged with having hit his wife, there being no evidence, Schaffer charged that he had hit Bates when he put his hand toward his wife. Schaffer also was charged with having hit Bates when he drew a weapon of some kind. Bates had his wound dressed at the police station and was allowed to go home.

Schaffer explained that he was called to the house by a young woman who told him that there was a disturbance and that they wanted help and protection. Schaffer, Bates and Bates will have a hearing before Judge McCull today in the week.

Youth Admits Stealing Shells

Donner Cook, aged 9 years, son of Grate Cook, West Side farmer, was taken into custody Wednesday and locked up by the police for larceny in connection with the theft of shot gun shells from the Gluckner hardware store, Gay and Gallia streets.

After he was brought to the police station he had confessed he had stolen seven boxes of shells from the Gluckner store which he had sold to a man living on Ninth street. He was sent to the juvenile court.

K. P. Clark Is Reappointed

The Times-Star of local interest recently said: "Kenneth P. Clark, head of the income tax division of the U. S. internal revenue office and regarded as one of the expert income tax men in the country has been reappointed by U. S. collector Charles M. Dean. So well does the new collector think of Mr. Clark's ability that he is endeavoring to secure a salary advance for him. Clark is a former newspaper man. He has been collector at Aberdeen, O., Clark River in Hyde Park."

Mr. Clark is a nephew of Mrs. R. G. Appleby of 1211 Seventeenth street and Charles Clark of Sixth street.

Not Member of Union
Officers of the local chapter of the Amalgamated Association of Sheet Metal and Tin Workers is requested the Times to say today that John Wilson, who several days ago shot George Jones, was not a member of the local chapter and that the shooting occurred when men were loading in their hall. No meeting of any kind was on when the shooting occurred.

SOCIETY

Henry Atlas was returned from a visit to relatives in Chattanooga, Tenn.

Neison Weedon of Ashland visited Portsmouth friends Wednesday. He was formerly located here.

Mrs. Clem Switalski will entertain the primary teachers of Bigelow church tomorrow evening at her home on Eighth street. Miss Ethel Doerr, a former teacher, who recently returned from a two years' stay in Havana, Cuba, will be the guest of honor.

The George D. Scudder Guild at the First Presbyterian church enjoyed a delightful session last evening at the home of Miss Florence Yaple, 1921 Eighteenth street. It was decided to change the date of meeting from the first Tuesday of each month to the second Tuesday. Plans were made to distribute food and clothing to the poor of the city during the Christmas holidays. Following the business session a social hour was enjoyed, during which time the hostess served a daily refreshment course. The next meeting will be with Miss Annie Schlichter on Third street. Those present at the meeting were Rev. and Mrs. L. C. Boyd, Mrs. D. E. Thomas, Mrs. Misses Clara Nunnemaker, Margaret Legler, Katherine Appel, Anna Louise Robb, Irma Jewett, Bertha Wallace, Page Kerr, Marie Schlechter, Helen Liming, Eva Hunt, Roosevelt McKinley, Alleen Ouster, Avis Smith and Florence Yaple.

The P. B. G. Club met last evening at the home of Miss Grace Shump, 1401 McConnell avenue. After the regular business meeting the evening was spent in crocheting, embroidery, reading and playing of games. Later the hostess assisted by Misses Matilda Bricker and Lucille Daniels served a refreshment course of sandwiches and coffee. Guests for the evening included the Misses Anna Kanouse, Clara Field, Lillian Kane, Matilda Bricker, Marie McLaughlin, Catherine Reinhardt, Hazel Clark and Grace Shump. Miss Lucille Daniels was taken in as a new member.

Mrs. Edward E. Petry received the members of the Ketchel 500 Club this afternoon at her home on Third street. Mrs. Harry W. August and Mrs. Oscar Brown substituted for two absent members. After a merry game of 500 the hostess served an appetizing lunch to Mrs. Edward Nagel, Mrs. Lester Jones, Mrs. R. C. Spangler, Mrs. Fred Schwartz, Mrs. Jack Dalton, Mrs. Carol Augustine, Mrs. Edward Kern, Mrs. J. Oscar Maudel, Mrs. Max Johnson, Mrs. Harry W. August and Mrs. Oscar Brown.

Mr. and Mrs. W. E. Williams of Walnut street, East Portsmouth, have returned from a visit with relatives and friends in Jackson.

The Ladies Aid of the Terminal M. E. church met at two o'clock this afternoon at the church with a number of women present.

As a birthday surprise to Miss Marion Gave of Rosemont Road, her sisters arranged a party in her honor last evening. Games and dancing to Victrola music were the diversions of the evening. Appropriate refreshments were served to the following guests: Violet Conkel, Abigail Bradford, Helen Keller, Jessie Wiget, Elsie Miller, Margaret Noel, Virginia Clark, Margie Hughes, Alice Bradford, Emma, Charlotte, Helen, Virginia, Jane and Marion Gave, Edward and Elmer Young, David and Charles Rupert, Raymond and Ralph Kerns, Frank and Burton Noel, Howard and Hughes, Clay Bradford, Alfred Miller, Bob and Warner Clark, and William Gave.

Miss Marion was made happy by a shower of dainty gifts.

Mrs. Sam Clapper of Altoona, Pa., who has been guest of Mrs. Emil Doerr, 1651 Grand street, will return to her home tomorrow.

Mrs. Carrie Swearingin, of Lincoln street, who has been employed as welfare worker with the Whitaker-Glossner company, will leave the last of the week for Columbus where she will take up Red Cross work.

Mrs. Anna Norrot and daughter, Miss Muriel, of Eleventh street are home from a visit to relatives and friends in Cincinnati.

The Ladies' Militants' Association Club recently met at the home of Mrs. Mary E. Boyles on Court street. The social hour was greatly enjoyed by those present. After the entertainment a beautiful supper was served. Those who enjoyed Mrs. Boyles' hospitality were: Past Captain and Lady Hawk, Past Captain and Lady Gled, Lieutenant and Lady White, Eustice and Lady Buckley, Chevalier L. Keer, Ladies Annie Brunner, Lydia Rowe, Rose Baker, Ruth Coffe, Mary E. Coffe, Florence Bern and the hostess, Mrs. Boyles.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

New Boston—Dear Dolly—Will the boys who were overseas with the replacements get a bonus. Also the boys who enlisted the year after the war was over?

EX-SOLDIER—Only those boys who were in the service during the war are entitled to the bonus. The families of the men who have died since the war will be given their share of the bonus.

Dear Dolly—Will you please tell me where I can get bead patterns for bead necklace work. Also where can I get beads and bead needles.

J. M.—Inquire at the pattern department and also at the art department of our local stores.

Dear Miss Wise—Does a person have to have an Ohio or Kentucky license to hunt on the Ohio river?

WANT TO KNOW—Kentucky has jurisdiction over the entire Ohio river, to the low water mark on this side of the river, therefore a Kentucky hunting license is good on this territory and persons holding such a license are not subject to arrest by Ohio, Indiana or Illinois authorities. Numerous decisions have been rendered covering this point from the court of appeals of Kentucky to the United States supreme court, therefore there can be no question as to Kentucky's jurisdiction over the Ohio river.

Dear Miss Wise—Would you please print in tonight's Daily Times a recipe for a fruit cake, pork cake and mince meat for pies. And do you know if Thomas Meighan is married, if so did he marry an actress and how old is he?

YOUNG HOUSEWIFE—There was a fruit cake recipe in Tuesday night's paper.

Pork Cake—One pound of pork chopped fine, one pound of dark sugar, one pound of raisins, one pound of currants, one pint of baking molasses, one tablespoon each of cloves, cinnamon, allspice and pepper, one nutmeg, butter the size of an egg, two eggs, one tablespoon of soda, dissolved in one pint of hot water. Stir stiff with flour and bake in loaf pans.

Mince Meat—You can buy mince meat already prepared or you can make it like this: Boil two pounds of lean beef and when it is cold chop fine. Mince a pound of beef suet to a powder. Pare, core and chop five pounds of apples. Seed and halve two pounds of raisins. Wash and pick over carefully two pounds of clean currants.

W. Va. White Ash Clean Lamp Coal, \$7.00 delivered. Dadds and Davis, Phone 1845.

SOCIETY—Mrs. Mary Cottle, one of the active members of the Daughters of Pionneers is a candidate for state warden of the Pionneers of Ohio and her name is on the ballot which will be voted on by Pionneers members all over the state in the next two weeks. All members are urged to be present next week to cast their ballot for Mrs. Cottle. The election of officers for the local lodge will also take place next Tuesday night. The applications of Lucretia Cottle, Annada Funk, Mrs. Kate Ellis and Mrs. Ella Ellis were received last night. A class of candidates will be initiated next week.

Individual honors in the annual Red Cross roll call go to Miss Marcella Rowlands of 1317 Third street, a pupil in the eighth grade at Union street school.

She was also the winner last year in securing individual subscribers to the Red Cross and also led the city in selling Christmas seals. Last year she succeeded in getting 700 members for the Red Cross for 1921. This year she has signed up 168 individuals for the 1922 year's work.

Mr. and Mrs. R. E. Scott of Eleventh street have returned from a short visit with relatives in Ironton.

Miss Margaret Albright went to Ironton yesterday to visit her mother, Mrs. Alice Albright.

Miss Mary Norrell of 1318 Fourth street arrived home this morning from Washington, D. C., where she was one of the three bridesmaids at the wedding of Miss Helen Molster and Mr. Senbury Q. Quinn, which was solemnized Saturday evening at eight o'clock at the Church of Our Savior, with Rev. Joseph Fletcher officiating. A reception at the home of the bride's parents in Brookland followed the church service, after which the bride and groom left for their future home in New York City.

Mrs. Alan Jordan will receive the members of the Scinto Bridge Club tomorrow afternoon at her home on Fourth and Court streets.

Mr. and Mrs. Charles Spencer and daughter, Anna Grace, have returned from a visit with her brother and sister-in-law, Dr. and Mrs. Herbert Loper of Richmond, Indiana.

Mrs. Grace L. Goodwin has returned from a visit with her parents, Mr. and Mrs. Allison Loper in Fairfield, Indiana.

Mrs. Arthur Carey and daughter, Betty, of Blinfield, W. Va., are visiting her parents, Mr. and Mrs. John F. Eckhart, of Grandview avenue.

Miss Florence Schofield Young will arrive home this evening from Newport, Ky., where she has been visiting her aunt, Mrs. P. Moore. Miss Young will conduct her regular Thursday classes in needlework dancing at the Winter Garden tomorrow.

Mr. and Mrs. Dana Chapplear of Jackson street have returned from a motor trip to Zanesville, where they visited his parents over the Thanksgiving holidays.

All members and friends of members of the Second Presbyterian church are cordially invited to attend the entertainment in the church social hall tomorrow night. It will begin about fifteen minutes of eight and will last about an hour. After the program refreshments are to be served and a social hour enjoyed. It has seemed necessary to have all below the ages of ten or eleven come with their parents so that there may be as little confusion as possible. Yes, the admission is free. The program follows:

Ladies' Trio—Popular Selections—Misses Moad, Patton, Dowling.

Recitation: "The Rose and the Diner Hall"—Gertrude Underwood.

Mixed Quartet: Wynken Blynken and Nod—Nevin—Messrs. Ingalls and Young; Misses Blood and Patton.

Recitation: "Sister's Best Year"—Eugene Fields—Martha Poffenberger.

Song: "That Old Irish Mother of Mine"—Harriet Gilmore.

Reading: "The Minister's Black Mamse"—O. Henry—Miss Margaret Thiers.

Song—When I Was Twenty—One—Harry Loder—William Wylie Young.

Violin Solo: Ave Maria—Shubert—W. W. Young.

The West Portsmouth Woman's Christian Association will meet tomorrow afternoon at one o'clock at the Y. W. C. A. The following program will be presented:

Devotionals—Mrs. W. G. Gikerson, Business.

Reading—Our National Letter From Washington—The National W. C. T. U. Paper—Mrs. C. C. Coverston.

Reading—Oranien Is What Does It—Mrs. Ray Seales.

Light refreshments were served during the social hour which followed the program. The next meeting will be held in another month with Mrs. William Nageleson, 1118 Eighth street.

The Revellers will hold their final rehearsals today and tomorrow for "Nothing But The Truth," which they will offer as their first play, Friday and Saturday nights, at the High School Auditorium.

The two casts for the play have been working hard to make the play a success and everything is in readiness for the curtain on Friday night.

The play is a comedy with many funny situations. It is one of the best comedies of late years and the Revellers were compelled to pay a large royalty for its presentation.

Mrs. H. H. Eccles has directed the students at rehearsals and to her is due the credit for the fine work they are doing. All of the members of the cast are presenting exceptionally fine characterizations in the parts they have to play.

The seat sale will open at the Grand Bank Store tomorrow morning.

The money derived from the sale of tickets will be used for one of the many things which are needed at the High School. It is not yet known yet, just what the Revellers will give to the school.

The Priscillas will meet tomorrow afternoon with Mrs. Maurice A. Coe, 502 Union street.

Mrs. R. P. Elder will entertain with an informal tea tomorrow afternoon at her home, 1912 Twenty-first street.

Rev. S. Stuart Thiss, pastor of the First Baptist church, has gone to Weston to assist Rev. S. P. Statt with a series of evangelistic services.

Mrs. L. C. Murphy will entertain the members of the Elkie Club tomorrow afternoon at her home, 1654 Gallia street. All members are urged to be present.

The members of Art Circle will meet tomorrow afternoon with Mrs. George Thomas on Eighth street.

The Ketchum Auxiliary of the Second Presbyterian church will meet next Monday afternoon at the home of Mrs. Robert Brown on Sixth and Washington streets. A feature of the meeting will be the rendition of a delightful Christmas program.

RIVER STILL RISING; 51 FEET PREDICTED BY DEVEREAUX; PUMPING STATIONS READY

At one o'clock this afternoon the stage of the Ohio river here was 46.3 and was rising about two inches an hour. The stage at seven o'clock this morning was 45.8.

Special delivery dispatches from day morning, the 51 feet being the crest of the rise. Weather Forecaster Devereaux at Cincinnati this afternoon says that the Ohio river will reach a stage of about 51 feet here tonight or early Thursday.

The highwaters cut off travel over the towpath this morning a stage of 45 feet putting it over the road. Many machines kept coming through the water on the road this morning but about

The Value of Bread

Just suppose there were a "Bread-Law"---and you couldn't get any bread!

Can you even picture how at-a-loss you would feel---how helpless in trying to plan nourishing food at moderate price for your family!

Wouldn't you go to any length---almost break any law to get it?

Yet most people don't half appreciate bread---or give half enough thought to it.

That's the only reason they don't eat half enough of it.

Bread is the one food that is good itself at all times and makes all other foods better.

Bread alone is a complete ration, capable of keeping you in fine health---even if you ate nothing but bread.

A pound-and-a-half loaf of bread will do the work of six pounds of tenderloin steak---and do it better.

Half-a-loaf a day of good bread will keep every member of your family well and vigorous without meat or other high-priced foods.

Eat more bread---twice as much as you are now eating.

PORTSMOUTH baked Bread is Bread at its Best---always pure, tempting and nutritious.

ten o'clock the water was too deep to negotiate the trip with safety.

The only flood pumping station started today was at Madison and Fourth streets. The Mill street station was put in shape this morning and afternoon and it will start late today. The station at Eleventh and Washington street will also start tonight. The pumping station back of the brickyard at Seventeenth and Chillicothe streets will not be started until the river reaches a stage of 50 feet.

Overmen say a stage of even 52 feet would cause no damage here other than submerge the Towpath road.

The river is filled with drift which makes the trip of the upper ferry boat difficult. The boat crew was kept busy all day moving the floats on both sides of the river.

In the huge piles of drift about the Scioto river bridge may be seen many pumpkins and squashes that have been washed out into the stream with much corn fodder.

CINCINNATI, O., Nov. 30.—The flood stage of 50 feet will be passed by the Ohio river here on the present rise, the government bureau announced today. According to the weather forecaster, the river in the Cincinnati district will continue rising tonight and tomorrow. The flood stage will be passed at Ashland today, at Portsmouth tonight or tomorrow and at Cincinnati late tomorrow. The crest at Ashland and Cincinnati will probably be between 51 and 52 feet and at Portsmouth about 51 feet. At the other stations in the Cincinnati district below the mouth of the Kanawha the flood stage will probably not be reached.

No material damage will result here if this stage of the river does not exceed 52 feet. The gauge early today registered 41.2 feet.

MARIETTA, O., Nov. 30.—With the Ohio river still rising, but very slowly, this morning, danger of a flood here is believed passed unless additional rains further up the river should come. The crest of the rise is expected here during the day. So far there has been no damage in this vicinity.

GALLIPOLIS, O., Nov. 30.—The Ohio river had reached a stage of 40 1/2 feet here this morning and is still rising. At Point Pleasant the water now is three feet above the danger line and government officials expect a further rise of two feet before the crest is reached.

Hundreds of acres of farm lands in this vicinity now are under water. The Kanawha and Michigan railroad began this morning moving its rolling stock to higher ground at the Hobson shops above here.

WHEELING, W. VA., Nov. 30.—The crest of the flood in the Ohio river was reached here shortly before noon with a stage of 35.5 feet and the stream began falling at the rate of an inch an hour. Much inconvenience was occasioned because of curtailed street car service and flooded cellars in low lying districts.

MURPHYSBORO, ILL., Nov. 30.—The Big Muddy river overflowed its banks today and flooded Mine No. 9, of the Consolidated Coal Co., valued at \$1,000,000. Two adjoining mines were closed today because of the backwaters.

Highest sun temperature was recently recorded on the Persian gulf by a thermometer which registered 137 degrees.

Laura Kelly, 4, Entirely Cured Of Her Asthma

Kerker Remedy Given Full Credit—
Doctor Said She Couldn't Live

"My little girl Laura, aged 4, had the asthma so badly that the doctor didn't think she could live another day," said Mrs. Helen Kelly, 1623 May street, Zanesville, Ohio, in relating to the Kerker Medicine Company her remarkable recovery. "She wheezed so badly that you could hear her away out in the yard. Many times she could not lie in bed; we had to hold her. She had the asthma since she had the flu in November, 1917. A neighbor suggested to us that we try Kerker's Asthma and Hay Fever preparation. She got wonderful results from the very first bottle. She has taken three bottles now and is just as well as can be."

"The Kerker remedy is the finest thing I have ever heard of and is the only medicine that did Laura any good. She is just as well now as any of my other children."

(Signed) Mrs. Helen Kelly.

Denby To Protect Marine Guard

WASHINGTON, D. C., November 30.—Pundit a full investigation of the alleged shooting of Otto Lambrecht by M. M. Hanson, a marine mail guard, Secretary Denby will refuse to turn the marine over to Wisconsin state courts for trial. It was said today at the navy department.

The naval secretary has ordered a full investigation of the shooting of Lambrecht, who was detected by the marine in the act of attempting to

steal a ride on a Northwestern railroad train at Depere, Wisconsin.

Officers in the legal department of the navy do not believe that the marine will be turned over to the state authorities, but that he will be tried by a naval court.

Gas, Indigestion,
Stomach Misery
—“Diapepsin”

"Diapepsin" really does" pit the stomach in order—"really does" overcome indigestion, dyspepsia, gas, flatulency and sourness in five minutes—just that—makes Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into starchy lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches, remember the moment "Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous—and the joy is its harmlessness. A large sixty-cent case of Diapepsin is worth its weight in gold to men and women who can't get their stomachs regulated. It belongs to your home—should always be kept handy in case of a sick spot, upset stomach during the day or night. It's the most efficient antacid and stomach regulator in the world.—advertisement.

Boat Movements

Boat movements on the Ohio here today were as follows:
The Chris Green, Tacoma and General Wood passed down this morning within an hour of each other, all being bound for Cincinnati.
The Betsy Ann bound for this port was forced to turn back to Pittsburg after reaching Ft. Pleasant last night by reason of the high stage of the river floating the steamer so high that it could not pass under the railroad bridge at that point.

Thieves In Jail

Mr. and Mrs. R. C. Spangler have returned from a motor trip through Indiana, returning in their machine, which was stolen in Indianapolis two weeks ago. The car was recovered in Illinois after it had been driven 500 miles. The three young men, who stole it were arrested and jailed in the Illinois Capital. They had to abandon the car after it became mired in a creek bed. The constable in a nearby town was notified and he sent the three men under arrest.
Damage to the car may reach \$200 as the bearings of the car were burned out.

COURT HOUSE

Suit In Foreclosure
Suit to collect \$372.05 due on mortgage notes and to foreclose a chattel mortgage on a Ford automobile given to secure payment of the notes, was filed in Common Pleas court Wednesday by Dan W. Conroy against John Music. The suit was filed through Attorney J. P. Kimble.

Echo Of Collision

An echo of a collision between automobiles which occurred on Rhode Avenue, New Boston, on September 25, 1920, was heard in Common Pleas court Wednesday when the damages suit of Alfred Tipton, Market street, against Roy Coburn, county auditor, went to trial before Judge Thomas and a jury.
Tipton brought suit to recover \$750 damages he alleged he sustained to

his Scripps-Booth car by reason of the collision which he claimed was caused by the negligence and reckless driving of the defendant. Coburn denied the charge of negligence and contended that Howard Tipton, son of plaintiff, who was driving the latter's car, was a dangerous and reckless driver, which fact was known to defendant, and that the collision was caused by the careless and reckless manner in which he handled his car. Coburn asked for \$200 damages to his car.

Attorney S. A. Skelton for plaintiff and Attorneys Blair and Blair for Coburn.

Finding For Wife; Alimony Awarded
Judge Thomas handed down his decision in the alimony suit of Caroline Emmett, Navroo, against Joseph Emmett, aged Civil War veteran, Navroo, Wednesday morning in Common Pleas court, finding in favor of

the plaintiff and awarded to the wife a tract of 58 acres of river bottom land in Washington township besides the home place near Navroo, as alimony and a reward for the sacrifices she made and the cruelty heaped upon her during the 32 years she lived with the defendant. Under the order of the court Emmett will retain two pieces of property situated in this city which pays him a monthly revenue of \$30 besides he receives a pension of \$50 a month from the Federal government. Attorneys Blair and Blair, for the defendant, gave notice of filing a motion for a new trial and to prosecute error proceedings to the Court of Appeals. The plaintiff was represented by Attorney T. C. Beatty.

Hoop Murder Trial To Start

Judge A. Z. Blair will on Thursday go to West Union where he will appear as chief counsel for the accused in the case of the State against George Hoop, Peebles marshal, who will be brought to trial under an indictment charging second degree murder for the killing of Estel Hughes at Peebles last September. The trial is scheduled to start before Judge Stephenson and a jury in the Adams County Common Pleas court Thursday morning.

Hughes was shot to death while interfering with the officer in arresting a companion of the defendant, it is claimed, and Hoop is expected to rely upon a plea that he fired the fatal shots in his proper self-defense.

Attorney Blair will be assisted by Attorney J. R. B. Kessler of Peebles and Prosecutor Heilbrunn will handle the prosecution.

Verdict For Plaintiff

A jury in Common Pleas court Tuesday brought in a verdict awarding the plaintiff the sum of \$189.05 damages in the suit of Newton Taylor, McHenry barber, against L. P. Haldeman. The suit grew out of a collision between the automobiles of the parties which occurred on Seaton Trail, near the Bannan farm, last May, and Taylor sued for the amount it cost him to repair his car which was considerably wrecked in the accident. Attorney George W. Sheppard represented Taylor and Attorneys Miller and Seart, who appeared for the defendant, gave notice of the filing of a motion for a new trial.

"MY LITTLE GIRL HAS GAINED 15 POUNDS," SAYS HAPPY MOTHER

Little Rhode Island Girl Is As Bright and Cheery and Her Cheeks Are As Rosy As Ever.

SHE CAN NOW KEEP UP IN HER CLASSES

"Only a Mother Can Understand What I Suffered When I Saw My Daughter Slowly Wasting Away," Says Mrs. Mary Smith.

"Every time I look at my little girl's cheeks my heart goes out in love and gratitude to 'Taulac,' said Mrs. Mary Smith, of Providence, recently. "Until Mary was eleven years of age she always enjoyed good health and had a very happy, fun-loving disposition. However, during the past three years she became very thin and frail. She took on a very yellow color, her appetite failed, she complained of a bad taste in her mouth, dull headache and of feeling languid and tired all the time. She lost her sunny disposition and became nervous, irritable and moody. Her appetite got so poor that I had to coax her to eat. Her sleep was fitful, her eyes dull, and her steps so heavy that it seemed she had lost strength to lift her feet from the floor. "She had always stood high in her studies, but now her reports were so

bad that her teacher called on me to find out why she had gone back so in her lessons. When I asked her why she had failed so in her school work she cried and said she studied as hard as ever, but couldn't seem to remember. Only a mother can understand what I suffered when I saw my daughter slowly, but surely, fading away each day. I could hardly keep back the tears when I looked at her. "Six months ago we took her out of school, thinking this might help her, but she continued to grow worse. We were told she would get better when she got older, but I was afraid she couldn't live and have shed many a tear over her condition. In fact, my husband and myself, both, were downright sick from worry over her, and yet, nothing did her any good. "One day my husband said, 'Why not have Mary try Taulac? Each morning I have read in the papers of someone being helped by it and it may be what she needs.' "Well, I had tried everything else, so as a last resort I had Mary try Taulac and I have felt thankful a thousand times that I did. Before she finished the first bottle she was eating like I have been wanting to see her eat for three years. Now she is the first to the table and the last to leave. She has gained fifteen pounds and is still gaining, and her face is as round and rosy as it ever was. Her eyes sparkle with health, her steps are light, and she is as full of life as a kitten. It does my heart good to hear her running around, singing and laughing and enjoying life and good health again. My gratitude to Taulac is unbounded."

Taulac is sold in Portsmouth by the Fisher & Streich Pharmacy and leading druggists everywhere.—Advertisement.

An Aerial Knot

She Gets Five New Names

Henry Toneray, Shreveport, La., and Miss Marie Blanchard, 18, Oakdale, La., niece of Newton C. Blanchard, former governor and senator of Louisiana, were married 2000 feet above New Orleans. Witnesses followed in another airplane. When the "groom" said, "Yes" a white signal was flashed. When the bride accepted him, a blue one, and when later, Philip Deschner pronounced them man and wife a red one. The planes then landed and the witnesses signed the papers.

He'd Show 'Em Way To Pay Us

Frank A. Vanderlip and Mrs. Vanderlip have returned from Europe where the banker made a survey of financial conditions. He has a plan for solving Europe's financial problems.

Bride, Gen. George W. Read and Mrs. Read have announced the engagement of their daughter, Miss Margaret, to James Frederic St. David Maxwell Murphy, of Canada. Miss Read is a social favorite in Washington, D. C.

Why Hurry?

Redwing was tired. And he was way ahead of the others. So what was the use of jumping the fence when he could walk over it? Walter Stokes, his rider, felt the same way about it. This freak photograph shows how Redwing won the three-and-a-half-mile cross country run at Radnor Hunt, Philadelphia.

Are You Satisfied With Your Success?

Have You the Necessary Energy and Vitality to Win Out Today? Will You Have It Tomorrow?

The Most Influential Private Citizen of England Says the Greatest Aid to SUCCESS Is Good Normal Health

There never was a more truthful fact spoken. When health fails, most everything else fails. When you feel your 40 getting worn-out, run-down, and weak, you know that you can't work and think right. Everything is against you. Before you can attain full success and happiness, you must do something to bring back your vitality—your ability to think straight and to act quick. What causes so much ill health? Usually it is due to the inability of the system to throw off waste products. The body is continually using up the foods we eat to give strength to our system. There is always a certain amount of waste that ordinarily should be carried off through the pores of the skin, through the kidneys, and through the alimentary canal. When this is not done, waste products get in the blood, and as a consequence, you may suffer with many complaints. To throw off the waste products, you must use a blood purifier and system builder to clean out the poisons. During the past 50 years, S. S. S. has restored thousands of people to normal health, by relieving them of the waste products which cause impure blood and its allied troubles—skin disorders, rheumatism and a lowered vitality. Get S. S. S. at your druggist—use it strictly according to directions and write Chief Medical Director, Swift Specific Co., 722 S. S. S. Laboratory, Atlanta, Ga., for advice (without charge) and for his special illustrated booklet on "Facts About the Blood"—free. His advice will greatly benefit you. S. S. S. is sold by all druggists. —Advertisement.

Actually Catching Rabbits By The Ears

Boys are having great sport catching rabbits out along the sport-path road, in most instances taking the bunnies alive. Driven from the bottoms by the rising water, the cottontails seek

refuge along the road wall only to fall prey to the alert eyes of the youths who only have to reach down and pick up Mr. Rabbit by the ears. Hundreds of the little animals were taken in this manner Tuesday.

Louisville Drafts Widge Monk

Friends of Catcher Widge Monk of this city will be pleased to learn that he has taken another step higher on the baseball ladder of fame. He has been drafted by the Louisville A. A. team and will report there in the Spring. He is a real catcher and will make good in the A. A. Just stick a pin in this prediction. He played last year in the Florida State League.

Says Tanks Adept At Slinging Mud

Carry the news to the Tanks. Manager Hughes says they can sling their share of mud and that his team was deprived of a touchdown Sunday in Ironton after it had been legally scored. How about this, you Tanks? And still the Cannonville near sports would make you believe that Ironton was more sportsmanlike than Portsmouth. Just like comparing a shuck with the Woolworth building. Just about.

There will be a class demonstration at the hall 4th and Washington Sts., Tuesday Eve., Nov. 29. All Woodmen are cordially invited. O. H. LEWIS, C. C.

Take Yeast Vitamon Tablets to Supply Energy Food Lacks

Put On "Stay-There" Flesh, Strengthen The Nerves, Clear The Skin and Invigorate Your Body.

This run-down folk who have been wondering why they remain so skinny and lacking in energy even though they seem to eat a lot, should try taking two of Mastin's tiny yeast VITAMON Tablets with their meals and watch the results. Mastin's VITAMON Tablets supply in highly concentrated form a proper dose of the health-giving, body-building vitamins. You surely need to get some of these precious vitamins into your system at once. Mastin's VITAMON Tablets mix with your food, help it to digest and supply just what your body needs to feed and nourish the shrunken tissues, the worn-out nerves, the thin blood and the starved brain. Pimples, boils and skin eruptions cease to trouble like magic under this healthful invigorating influence. Mastin's VITAMON will not cause gas or upset the stomach, but strengthens the digestive and intestinal tract and helps to overcome even chronic constipation. Oh, no, the Tanks are not hard up. Oh, dear, no. Pipe this from the cute little Ironton News:

Why not end the season with a big benefit dance for the Tanks? We should be as proud of their undefeated record as down town Columbus is of the O. S. C.

How about the banquet for the Tanks? They have given Ironton a real advertising, but have played in hard luck, financially. Let's show the boys we are for them.

Many Scouts Are Examined

Thirty-one First Class Scouts, or four-fifths of all the First Class Scouts in Portsmouth, gathered at the First National Bank building on Monday night, to be examined in the requirements of Merit Badges. All records were broken in the number and variety of Merit Badge tests that were successfully passed.

A silver medal had been offered to any Scout who succeeded in taking the Sculpture Merit Badge, and five Scouts took it. Two Scouts, Nelson Moore and Lawrence Kimble, took aviation, which requires the making of

an airplane that will fly at least twenty-five yards, and other requirements in the way of a knowledge of airplanes. They were examined by two former aviators, and passed, and their airplane flew fifty yards instead of the required twenty-five.

Many Scouts brought down very interesting exhibits in craft work in metal, basketry and wood. A chair that had been repaired was among the exhibits, and the work was as perfect as if it had been done in the factory.

A Merit Badge in hiking—one of the most difficult of all, the Merit Badge calling for the walking of five miles every day, except Sunday, for three months, the taking of six ten-mile hikes and one twenty miles, besides other requirements, was taken. The successful Scout, Donald Jordan,

took all the required hikes in the study of birds. Two Merit Badges were taken in interpreting—a Merit Badge never taken in Portsmouth before, by Howard Harris and Sylvan Jackson.

Four Scouts took the rank of Life and Star—one of them being the Scout Executive, Edward Gillman, his son, Edw. Gillman, Jr., Ralph Monk and Sylvan Jackson, being the other three.

One Scout, Donald Jordan, completed his tests for the taking of the rank of Eagle Scout—the highest rank in Scouting, being the seventeenth Scout, since the Scouts were founded here ten years ago.

Eight other First Class Scouts took their first Merit Badges, thus becoming

ing Merit Badge Scouts.

A new system has been adopted by the Portsmouth Boy Scout Council, of calling on the First Class Scouts of the old days, who were First Class and took Merit Badges six and eight years ago, to sit on the Court of Honor and examine and pass on the fitness to receive Scout honors of the young Scouts now coming up, and it was an inspiring sight for these old Scouts to see these young Scouts, full of enthusiasm, coming up to take many of the same Merit Badges they took when boys themselves.

This is the second session of the Court of Honor to be held in November, and another will be held in two weeks.

The Merit Badges taken were as follows:

Donald Jordan—Poultry Keeping, Life Saving, Bird Study, Art, Path-finding, Civics, Hiking, Sculpturing, Automobileing.

Louis Berndt—Pioneering, First Aid to Animals, Music, Cooking, Public Health.

Edgar Blair—Pioneering, First Aid to Animals, Carpentry, Craftwork in Wood, Automobileing.

Frederick Lauffer and Sylvan Jackson—Wood Carving, Handicraft, in Wood, Pioneering, Electricity, Handicraft, Life Saving, Camping, Civics, Bird Study, Scholarship, Signaling, Automobileing, Athletics, Sculpturing, Craftwork in Basketry, Interpreting.

L. Emil Butler—Sculpture, Craftwork in Basketry, Craft in Metal.

Austin Sprague and Richard Young—Craftwork in Basketry, Sculpture, Craftsmanship in Bookbinding, Safety First, Craftwork in Basketry, Sculpture.

Wm. Plummer—Craft in Bookbinding, Sculpturing, Craftwork in Basketry, Craft in Metal.

Chas. Frederick—Craftsmanship in Bookbinding, Craftwork in Basketry, Craftwork in Metal, Sculpturing.

Lawrence Moore—Craftwork in Metal, Camping, Craftwork in Metal, Handicraft.

Henry Goldstein—Camping.

Louis Randolph Luck—Art, First Aid to Animals.

Howard Dods—Harris—Interpreting.

Edw. Gillman—Physical Development.

Lawrence Kimble—Aviation.

Richard Fuller—Carpentry, Civics, Homer Micklethwait—Scholarship.

James Dumbell—Scholarship, First Aid to Animals, Carpentry, Craftsmanship in Wood.

Ray Landerman—Electricity, First Aid to Animals, Carpentry, Handicraft, Music, Camping, Firearmship.

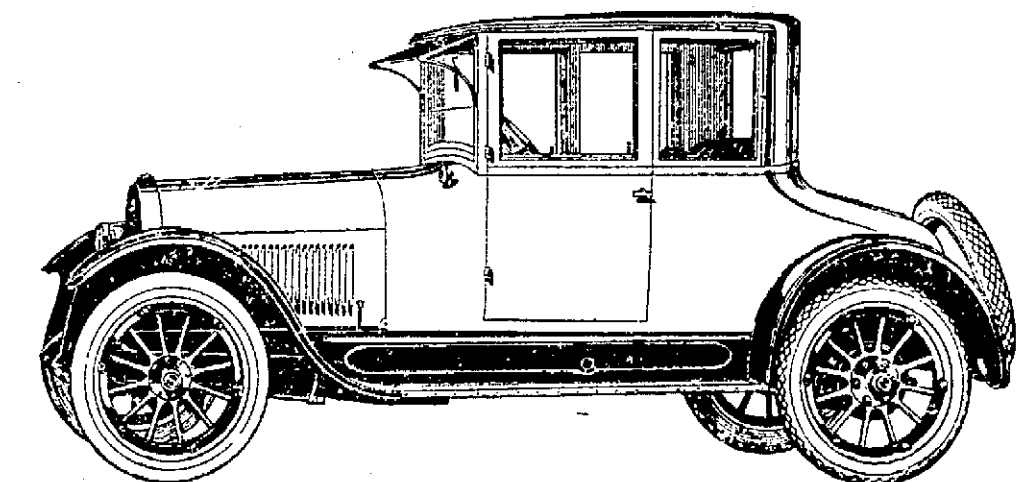

Gilbert Fuller—Physical Development, Electricity, Handicraft, Craftwork in Wood, Automobileing.

Ralph Monk—Electricity, Athletics, Life Saving.

Scout Executive Gillman—Physical Development.

Season Produced Great Crop Of Quarters

No position on a football team is more important than quarterback. The season of 1921 has produced some great quarterbacks, but no other great one can be recalled. At least a dozen high class quarterbacks have emerged over the gridiron in the east and west in the season just past.

It is a toss-up between three of them as to who is the real leader. Deane of Iowa, Killinger of Penn State and McMillan of Centre.

Deane of Iowa is generally admitted as the greatest quarterback the west has ever produced. Coach Williams of Stanford says he is greater than even Baker Ekevald or Johnny McDevine. Deane can do all things well. He is a great field general. He is a quarterback in an open field, a great kicker, and receives forward passes as well as backwards them. He was the big cog in the championship Iowa team coached by Howard Jones.

Killinger of Penn State is one of the finest running backs the game has ever produced. He is very fast and exceptionally hard to tackle because of his style of running. Is a star in every department of the game.

McMillan of Centre is the best defensive quarterback in the country. He is a star at the running game and the passer. His kicking game is not strong.

A few of the other great quarterbacks of 1921 are: O. W. F. of Yale, who came to be a star next year; Louie of Princeton, who was handicapped most of the year because of injuries; Holloman of Pittsburgh, another great quarter whose work has suffered because of injuries; Romney of Chicago, Benham of Lafayette, Huel of Harvard, Workman of Ohio State and others.

Wednesday, Nuggets vs. Okehs on alleys 4 and 5; Regulars vs. Spartans on alleys 2 and 3.

The Brummers won the first and last and lost the second when they rolled the Patrols last night. The good work of Keyes spelled defeat for them in the game they lost. Keyes rolled up 208 in the middle game. Frank Sheridan rolled his usual strong game in the first two and then the bottom dropped out. His final score was only 128. Musta been some splits in that one. He led the bunch, however, with 522 and Keyes, due to his own great game, made 519.

The Ironout Register Wednesday said:

Here is the opinion of Jack Ryder, sporting editor of the Cincinnati Enquirer, on the recent Ironout-Portsmouth game, and it is ten times as good as any explanation that could be given in a letter stating that the game was called by darkness and that Coach Thomas of Weistown, had made the sensational and positively unadvised decision that "all bets were off," when he was not supposed to know that there was even a tiny bet registered on the game. How in making such an announcement is what is puzzling the fans in general.

Ryder's opinion follows:

Sporting Editor Register, Ironout, Ohio.
Dear Sir:
The referee entirely exceeded his authority in the game between Ironout and Portsmouth last Sunday. He had no right to forfeit the game or call bets off. As you state, his only recourse was to shorten the final period and allow the score to stand just as it was when play had stopped. A game cannot be forfeited when neither side is at fault, and there was certainly no reason for calling off bets, all of which should stand.

It is just the same as a baseball game which is stopped by rain or darkness. The score remains as it was when the game was stopped. In this case, the final score was 14 to 0 in favor of Ironout and should so stand in the records. All bets are payable on the game or the score.

Yours truly,
JACK RYDER.

Sciotoville Woman Overcome By Gas

Mrs. Guy Smith of Woodlawn avenue, Sciotoville, was overcome by gas this morning. Mrs. Smith was also made ill by the gas fumes and after going to work had to return home. He arose and left home for work about five o'clock. Mrs. Smith arose about 5:30, and feeling a little dazed decided to walk out into another room. She had just passed through the doorway when she fell to the floor completely overcome by the fumes. Her mother, who was in another part of the house, heard her fall and rushed to her side. Dr. J. W. Hitchens was called and found Mrs. Smith in a serious condition.

The North End five won an easy game from the Invincibles when the match started last night, but they couldn't come back in the second and third, and the Invincibles won them both by close scores. Some of the best scores of the season were rolled. Garner had tough luck when he missed six hundred by one pin, 500 isn't a bad score though. No, not so bad. Team Will Rely On Short Passes

COLUMBUS, O., November 30.—The offensive system to be used this year by the Ohio State University basketball squad will consist mainly of the short pass, which is expected to enhance speed and accuracy as well as general effectiveness of the team, in the opinion of Coach George Trautman.

The proposed system is directly opposite to that which was used last year. Previously, which has already started, will get into full swing within a few days when a number of football players who have been taking a vacation from athletic activities turn out.

Play Saturday

IRONOUT, Nov. 30.—Morris Harvey vs. Tanks will be the next football menu for the local fans, the two teams will engage in an encounter on the Beechwood gridiron Saturday afternoon. This will be the college boys' last game of the season.

News Wafted From Old Cannonville

As the closing chapter in the Portsmouth grid contest we intend to write a book entitled "The Last of the Mosquitos."

The Portsmouth sport writers are waiting about bankruptcy for the Ironout Tanks. Not a chance, old dear. There'll be a next egg, but the sum would easily have been \$2,000 had there been fair weather last Sunday and Thanksgiving Day. It may have been an oversight, but we didn't even mention the Portsmouth game in this column Monday evening. Give a little credit, men.

made the third game a more hotly contested match and when the score was finally counted it showed the U. B. boys the winners by the score of 21 to 19. Curley Layner was back into the game for the Colts. Oreville Morley a new recruit showed up well for the losers. B. L. Schusky a new player in the game and L. E. Butler performed with the U. B. Southworth another new face in the U. B. lineup threw a great game. Considering the fact that the U. B. had only two experienced players the Colts suffered stinging defeats in the two games while the U. B. moved up to a tie with the Ministers and moved out of the cellar.

The High School Faculty had no trouble in taking all three from the Court House. The Court House had only three players present, but they were "game birds" and put up a hot fight, the scores being 21-9, 21-11 and 21-13.

High School Faculty: Prof. Eedes, captain, A. K. Wheeler, Wm. Massie, C. D. Walden, E. E. Seitz, Coach McCord.
Court House: W. L. Dickey, Russell Ketter, Guy Blair.

Select Teams

The Knight of Columbus held a banquet for their bowling league at the Pennant alleys last night and lined up the teams for the season which will start December 6th. The league will consist of six teams, and will roll at the Pennant, on Tuesday, Wednesday and Thursday. The committee in charge of the league consists of Joe Schumann, Ed Perry and Clarence Schaeffer.

The roster of the teams follows:
Doll Babies—A. Doll, Capt.; R. Lewis, E. Brennan, C. Sommer, E. Emmet.
"Knockers"—E. E. Peter, Capt.; W. Stenger, H. Russell, J. Schumak, F. Hornokke.

The games were hotter fought than the scores would indicate, both teams fighting for every point. Purdy put up a magnificent game for the X, and W. making one difficult play after another, while Oakes played a steady, telling field game. Baker was the pronounced and decided star for the Time. He has developed a ball killing play that makes the ball a dead chicken if he ever catches it high near the net, knocking it down in a way that is almost impossible to return.

The Colts took the first game by a score of 21 to 13 but the next game the U. B. team won 21 to 13. This

Iowa Is Considering Offer

IOWA CITY, IOWA, November 30.—The decision of the athletic board of the University of Iowa on the invitation to participate in the annual New Year's day football game at Pasadena, Cal., was expected today. Dr. William Buefield, of Los Angeles, delivered the invitation in person last night, but it was reported that the Iowa athletic officials still were opposed to making the trip. Previously it was stated they felt the rules of the big ten conference were against such post-season games.

Today's Sport Angle

There are going to be big doings at the minor leagues meet in Buffalo, the week of December 5, for their annual conference.

It probably will be one of the most important sessions in the history of the organization. The major league managers are almost as much interested as the minors.

The question of franchising a draft rule that will include all the minor leagues is the important issue to be settled. The major league owners are strong for such action.

A year ago when the minors met in Kansas City, the National Association left the draft question up to the individual leagues. If a league desired to be included, all right, if not, all right.

Some of the leagues of a higher classification, like the American Association, International and the Pacific Coast as well as a few others, declared against the draft.

The decision of these leagues prevented the major leagues from securing any of their players in the draft. It was up to them to make a purchase in a vague.

Rain Insurance Offsets Losses

SAN FRANCISCO, Nov. 30.—(Associated Press Dispatch)—The California Winter Baseball league, in which several major league stars are playing, closes its first season December 8, after which the two leading clubs will play a series for a \$2,000 purse. Rain has interfered with the league's schedule here somewhat, but insurance carried by the local owners has made up the losses. The local club collected \$3,000 insurance when it rained Thanksgiving Day.

COLUMBUS, O., November 30.—Marion Preston, heavyweight wrestler, has been matched to meet Jack Rogers, Chicago, here December 9. It was announced today.
